THE UNIVERSITY OF ARIZONA

February 20, 2024, 4:15 p.m.

## Dear Colleagues,

Governor Katie Hobbs' Jan. 25 letter to the Arizona Board of Regents (ABOR) requested a report related to the establishment of the University of Arizona Global Campus (UAGC). Today, ABOR provided the report to the governor's office, and I am pleased to share [access to the report and cover letter](#) with our campus community.

The UAGC report is thorough, accurate and transparent. It provides information about the rationale and process for creating UAGC, steps taken to improve operations, metrics used to measure success, and much more. Our hope is the report will answer questions about UAGC, correct misinformation and misunderstanding, and provide a common understanding among our University community from which to have ongoing discussion.

Thank you all for being an important part of our Wildcat community and for your ongoing commitment to the University of Arizona.

Sincerely,

**Robert C. Robbins, M.D.**

President  
The University of Arizona

[Land Acknowledgment](#)

*We respectfully acknowledge the University of Arizona is on the land and territories of Indigenous peoples. Today, Arizona is home to 22 federally recognized tribes, with Tucson being home to the O'odham and the Yaqui. Committed to diversity and inclusion, the University strives to build sustainable relationships with sovereign Native Nations and Indigenous communities through education offerings, partnerships, and community service.*
